MEMORANDUM FOR: CHAIRMAN, COMPUTER SECURITY SUBCOMMITTEE  
UNITED STATES INTELLIGENCE BOARD

SUBJECT: Intelligence Community Policy Paper on Computer Security

1. Inclosed is a draft of subject paper I have prepared on the basis of current guidance contained in DCID 1/16, DOD Directive 5200.28, and DOD Manual 5200.28M; and my own personal feelings about what should be in such a paper.
2. This paper assumes that system test and evaluation procedures will be developed and added to the paper at a later date.
3. I emphasize that this is only a rough draft and has not been coordinated within the Army.
